IMPORTANT: Before beginning this project, check that you printed these plans to the correct scale. With a ruler or tape measure, confirm the ruler below is exactly 6" long. If the ruler below is less or more, you have printed your adobe acrobat document incorrectly. In the print menu in adobe acrobat, make sure the box at the bottom left of menu that says "Shrink To Fit" is not checked! Also in the print setup menu, make sure the paper size is 8-1/2" x 11" and the orientation is portrait, not landscape.
