

LARGE GAMBREL DOG HOUSE PLAN

BILL OF MATERIALS - Large Dog House

ITEM	QTY	DESCRIPTION
1	3	3/8" CDX Plywood, full 4'-0" x 8'-0" sheet
2	10	2" x 2" Furring strips, 8'-0" long
3	~250	Finishing nails, 18 gauge, 3/4" long
4	1	Outdoor wood glue
5	8'	Corner Trim, 3/4" outside corner trim angle
6	1	Paint
7	1	Roofing

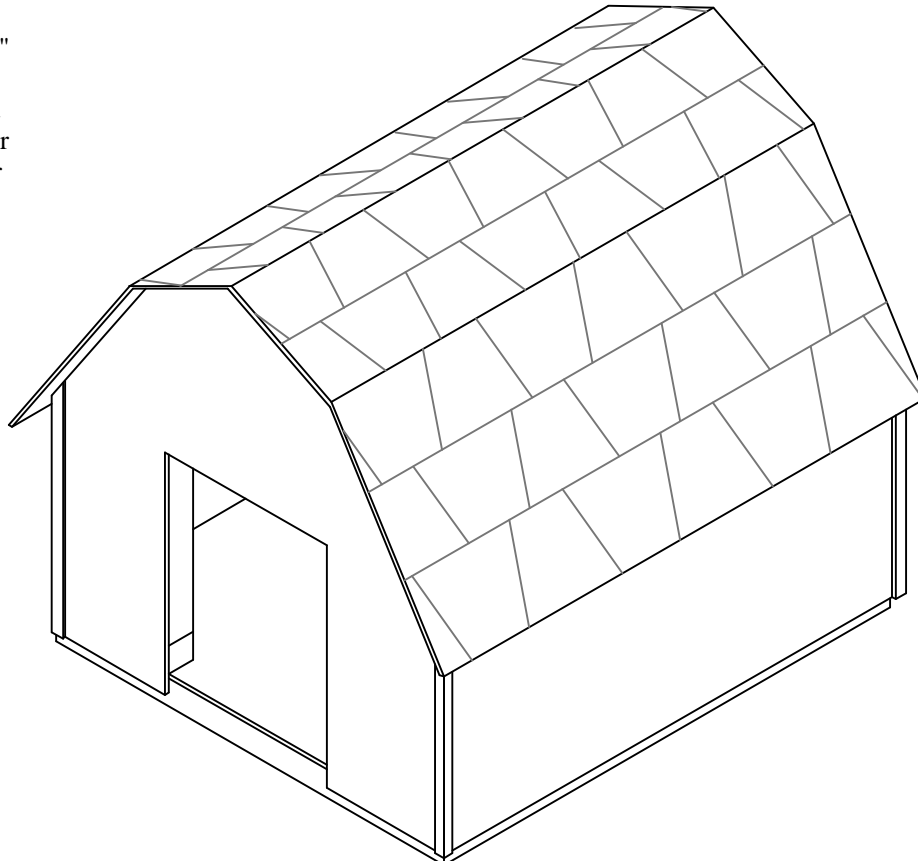

Tools Required: This simple project can be completed with a hammer and a circular saw. The use of a miter chop saw or table saw will only make the cutting easier and more accurate. The use of a straight fence board (choose the straightest furring strip) clamped to the plywood will make the cuts with a circular saw straighter.

L & R Designs, LLC is not responsible or liable for the safety of any person building or using the items based on our plans.

We are working on a customer "do-it-yourself" photo album web page which will feature photographs of our customers projects. If you would like to participate, take a picture of your project and either mail the photograph to us or scan it and e-mail it to us at:
